BERGEN

Timeless and soft, BERGEN refines the classic idea of a pot into a clear, tapered profile. Hand-formed, it is taller than wide, the line rising to a crisp rim that gives a balanced proportion. The surface keeps a restrained clay texture with subtle vertical tool marks that show as fine shadows. Fired to a matte finish, BERGEN brings order and scale and works in most settings – indoors or out – framing planting with a neutral presence that is harmonious and dependable.
